HMB Engineering

www.screencloth.co.in

Manufacturer & exporter of wire mesh, wire mesh, woven wire mesh, vibrating screen cloth, vibrating screen, crimped wire mesh, perforated sheet, perforated sheet, conveyor belt, chain link fencing, concertina wire & demister pad.
About Us

Ever since we have established, we have given our best efforts in manufacturing, supplying and exporting a large range of wire mesh, wire screen and various wire processed products. Used for diverse industrial applications, our products deliver outstanding performance which is at par with the industry leading quality standards. Leveraging on our technical expertise, streamlined manufacturing facilities and our quality awareness, each product that comes out of our unit meets with present day demanding standards. At the same, we always take our esteemed client’s suggestions and requirements into consideration as we believe in complete client satisfaction. As we are aware of industry know how, we have been able to upgrade our technology and competitiveness. Over the years, we always keep the door of communication open to our clients in order to meet with their demands accurately.
WIRE MESH

We Manufacture & Export Wire Mesh from Coarse to Fine Apertures of Sieving & Screening. It can be made in fine apertures upto 500 Mesh, while upto a Maximum Wire Thickness of 16 MM made up of Stainless Steel, Spring Steel, Mild Steel, Galvanized Iron, Copper, Brass, Silver & Nickel Wires, etc.

Wire Mesh

Dovex Wire Mesh

Filtration Wire Mesh

Stainless Steel Wire Mesh
WOVEN WIRE MESH

We are engaged in providing optimum quality Woven Wire Mesh (Vibrating Screen) that is fabricated using qualitative raw material in the production process. We can also customize our range as per the market requirement keeping in mind features such as durability, high performance and corrosion resistance.

Products

- Woven Wire Mesh
- Stainless Steel Woven Wire Mesh
- Architectural Wire Cloth
- Stainless Steel Square Woven Wire Mesh
VIBRATING SCREEN

Vibrating Screen one of the unique product or equipment manufactured by us, is used for separating the stuff. Vibrating Screen is compiled of mainframe, eccentric bock, screen web, rub spring, electric motor, coupler and some more. We have always kept in our minds the choices, preferences and the tastes of our all clients.
INDUSTRIAL SCREEN WIREMESH

Vibrating Screen Cloths are widely used in crushers in cement plants and for sieving heavy ores. With an option of folded edges, vibrating screen cloths are offered in various aperture sizes, wire diameters, and dimensions as per customer’s specific requirements.

Hot Mix Plant Wire Mesh

High Carbon Steel Mining Screen

Industrial High Carbon Steel Wire Mesh
CONVEYOR BELT

Conveyor belt consists of two or more pulleys on which the conveyor belt rotates constantly. One of the pulleys is powered and the other is an unpowered pulley. The powered pulley is called a drive pulley while the unpowered one is called an idler. Conveyor belts are used in handling materials and even handling heavy bulk materials.

Products

- Enrober Conveyor Belt For Food Grade
- Wire Conveyor Belts
- Rubber Conveyor Belting
- Balanced Weave Conveyor Belt
PERFORATED SHEET

We offer extensive range of Perforated Metal Sheet. Our team of engineers is trained to manufacture various kinds of products as per the specifications mentioned by the customers. We use latest digital control machines to perforate these metal sheets.

Perforated Metal Sheet

Vibrating Screens & Plates

Metal Perforated Sheets
CRIMPED WIRE MESH

Crimped Wire Mesh is usually used as barbecue grill wire netting, made of carbon iron wire, galvanized steel wire or stainless steel wire. Crimped Wire Mesh Belt is used for Cement Industries. Crimped Wire Mesh is woven after wire being crimped.
DEMISTER PAD

Demister Pad

Demister Separator

Knitted Mesh Demister Pads

Stainless Steel Demister Pad
WIRE SIZES AND MESH COUNT

The robust designs and customized features of our wire sizing machines are highly appreciated throughout the entire industry arena. They are offered in affordable prices.
COPPER WIRE MESH PRODUCTS

- Brass Wire Mesh
- Red Copper Wire Mesh
- Phosphor Bronze Wire Mesh
STAINLESS STEEL WIRE MESH

- Stainless Steel Wire Mesh Baskets
- Steel Sintered Mesh
- Steel Sieving Mesh
- Stainless Steel Welded Wire Mesh
OTHER PRODUCTS:

- Wire Mesh
- Decorative Wire Mesh
- Stainless Steel Decorative Wire Mesh
- Steel Dovex Wire Mesh
OTHER PRODUCTS:

Concertina Coil
Welded Wire Mesh & Welded Wire Panel
Stainless Steel Welded Wire Mesh
Barbed Wire
OTHER PRODUCTS:

- Steel Crusher Jaw Plate
- Available Alloys for Woven Wire Cloth
- High Tensile Screen Cloth
- Knitted Wire Mesh
OTHER PRODUCTS:

- Quarry Mesh
- Nickel Wire Mesh
- Filter Discs
- Filter Cylinder
OTHER PRODUCTS:

Crusher Rubber Beading

Titanium Sheet

Industrial Basket

Stone Crusher Screen
